Medicare Beneficiary Quality Improvement Project (MBQIP) Data Submission Deadlines[1,2]

MBQIP 2025 Core Measure Set

Starting in calendar year 2025, hospitals will collect data to report on the updated MBQIP core measure set as part of the Flex Program. Details on the new MBQIP core measure set submission/reporting deadlines along with those measures continuing from the current MBQIP measure set are depicted in the following tables.

During calendar years 2023 and 2024, hospitals should continue reporting the existing MBQIP core measure set. In addition, hospitals are encouraged to start reporting on the measures that will be new in MBQIP 2025 measures as soon as they are able. At a minimum, hospitals need to put processes in place so they can collect and report data from the 2025 calendar year. During this time, State Flex Programs and the RQITA team are available to assist hospitals and health systems with the transition.

This 2025 Core Measure Set has been adopted after a process involving State Flex Programs, Critical Access Hospitals, FORHP staff, and the general public via a public comment process. It has been finalized but is subject to change as necessary to respond to changes in federal and state health care quality programs as well as to the needs of rural hospitals and the communities they serve.
